

Fee guide

This guide has been produced to give you an idea of our fees for the most popular treatments. It is, however only intended as a guide. Before starting on any treatment, we will explain and discuss the range of options open to you and help you decide which is best suited to you, your budget and your lifestyle. Based on your decision, we will then provide you with an estimate in advance.

If you have any questions about our fees, please ask – we'll be happy to help.
